

**STORMWATER
NOTICE OF INTENT (NOI)**
FOR STORMWATER DISCHARGES ASSOCIATED WITH
INDUSTRIAL ACTIVITIES UNDER THE SOUTH CAROLINA
NPDES GENERAL PERMIT #SCR000000

SEE REVERSE FOR INSTRUCTIONS

Submission of this Notice of Intent constitutes notice that the party identified in Section I of this form intends to be authorized by a NPDES permit issued for storm water discharges associated with industrial activity in a State location identified in Section II of this form. Becoming a permittee obligates such a discharge to comply with the terms and conditions of the permit. ALL NECESSARY INFORMATION MUST BE PROVIDED ON THIS FORM. **AN ANNUAL FEE OF \$75 IS REQUIRED FOR COVERAGE UNDER THIS PERMIT.**

I. Facility Owner Information

Name: _____ Phone: _____
(include area code)

Address: _____ Ownership Status: _____

City: _____ State: _____ ZIP: _____

II. Facility/Site Location Information

Name: _____ Is the Facility located
on Indian Lands?

Address: _____ County: _____

City: _____ State: _____ ZIP: _____

Latitude: _____ Longitude: _____
Degrees Minutes Seconds Degrees Minutes Seconds
(32 to 35) (0 to 59) (0 to 59.9999) (78 to 83) (0 to 59) (0 to 59.9999)

USGS Map Quadrant Name: _____

III. Site Activity Information

MS4 Operator Name: _____

Receiving Water Body: _____

Storm Water Permit No.: SCR000000 Is the Facility required to submit monitoring data? (1, 2, or 3)

Basin #: (for internal use only) _____

Are there existing quantitative data that represent the characteristics
and concentration of pollutants in storm water discharges?

SIC or Activity Code: Primary: _____ 2nd: _____ 3rd: _____ 4th: _____

Other NPDES Numbers: _____

IV. Certification: I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information including the possibility of fine and imprisonment for knowing violations.

INSTRUCTIONS

Notice Of Intent (NOI) For Storm Water Discharges Associated With Industrial Activity To Be Covered Under the NPDES General Permit

Who Must File A Notice of Intent (NOI) Form

Federal law at 40 CFR Part 122 prohibits point source discharges of storm water associated with industrial activity to a water body(ies) of the U.S. without a National Pollutant Discharge Elimination System (NPDES) permit. The operator of an industrial activity that has such a storm water discharge must submit a NOI to obtain coverage under the NPDES Storm Water General Permit. If you have question about whether you need a permit under the NPDES Storm Water Program, or if you need information as to whether a particular program is administered by EPA or a state agency, contact S.C. DHEC at (803) 734-5300.

Where To File NOI Form

NOIs must be sent to the following address:
SC Dept. of Health & Env. Control
Water Facilities Permitting Division
2600 Bull Street
Columbia, SC 29201-1708

Completing The Form

You must type or print, using upper-case letters, in the appropriate areas only. Please place each character between the marks. Abbreviate if necessary to stay within the number of characters allowed for each item. Use one space for breaks between words, but not for punctuation marks unless they are needed to clarify your response. If you have any questions on this form, call S.C. DHEC at (803) 734-5300.

Fees:

An NPDES administration fee of \$75 is required. Make check payable to S.C. DHEC and attach to NOI.

Section I: Facility Operator Information

Give the legal name of the person, firm, public organization, or any other entity that operates the facility or site described in this application. The name of the operator may or may not be the same name as the facility. The operator of the facility is the legal entity which controls the facility's operation, rather than the plant or site manager. Do not use a colloquial name. Enter the complete address and telephone number of the operator. Enter the appropriate letter to indicate the legal status of the operator of the facility.

F=Federal	M=Public (other than federal or state)
S=State	P=Private

Section II: Facility/Site Location Information

Enter the facility's or site's official or legal name and complete address, including city, state and ZIP code. If the facility lacks a street address, enter the nearest county road number. Also include the latitude and longitude of the facility to the nearest 15 seconds of the approximate center of the site.

Section III: Site Activity Information

If the storm water discharges to a municipal separate storm sewer system (MS4), enter the name of the operator of the MS4 (e.g., municipality name, county name) and the receiving water of the discharge from the MS4. (A MS4 is defined as a conveyance or system of conveyances (including roads with drainage systems, municipal streets, catch basins, curbs, gutters, ditches, man-made channels, or storm drains) that is owned or operated by a state, city, town, borough, county, parish, district, association, or other public body which is designed or used for collecting or conveying storm water.)

If the facility discharges storm water directly to receiving water(s), enter the name of the receiving water.

If you are filing as a co-permittee and a storm water general permit number has been issued, enter that number in the space provided.

Indicate whether or not the owner or operator of the facility has existing quantitative data that represent the characteristics and concentration of pollutants in storm water discharges.

Indicate whether the facility is required to submit monitoring data by entering one of the following:

- 1 = Not required to submit monitoring data;
- 2 = Required to submit monitoring data;
- 3 = Not required to submit monitoring data; submitting certification for monitoring exclusion

Those facilities that must submit monitoring data (e.g., choice 2) are: Section 313 EPCRA facilities: primary metal industries; land disposal units/incinerators/BIFs: wood treatment facilities; facilities with coal pile runoff; and, battery reclaimers.

List, in descending order of significance, up to four 4-digit standard industrial classification (SIC) codes that best describe the principal products or services provided at the facility or site identified in Section II of this application.

For industrial activities defined in 40 CFR 122.26(b)(14)(i)-(xi) that do not have SIC codes that accurately describe the principal products produced or services provided, the following 2-character codes are to be used:

HZ = Hazardous waste treatment, storage, or disposal facilities, including those that are operating under interim status or a permit under subtitle C of RCRA {40 CFR 122.26(b)(14)(iv)};

LF = Landfills, land application sites, and open dumps that receive or have received any industrial wastes, including those that are subject to regulation under subtitle D of RCRA {40 CFR 122.26(b)(14)(v)};

SE = Steam electric power generating facilities, including coal handling sites {40 CFR 122.26(b)(14)(vii)};

TW = Treatment works treating domestic sewage or any other sewage sludge or wastewater treatment device or system, used in the storage, treatment, recycling, and reclamation of municipal or domestic sewage {40 CFR 122.26(b)(14)(ix)}; or,

If the facility listed in Section II has participated in Part 1 of an approved storm water group application and a group number has been assigned, enter the group application number in the space provided.

Basin number designates one of the five major watersheds in South Carolina in which the facility is located. This information will be entered by the Department.

If there are other NPDES permits presently issued for the facility or site listed in Section II, list the permit numbers. If an application for the facility has been submitted but no permit number has been assigned, enter the application number.

Section IV: Additional Site Activity Information

Enter the project start date and the estimated completion date for the entire development; plan.

Provide an estimate of the total number of acres of the site on which soil will be disturbed (round to the nearest acre).

Indicate whether the storm water pollution prevention plan for the site is in compliance with approved state and/or local sediment and erosion plans, permits, or storm water management plans.

Section V: Certification

Federal statutes provide for severe penalties for submitting false information on this application form. Federal regulations require this application to be signed as follows:

For a corporation: by a responsible corporate officer, which means: (i) president, secretary, treasurer, or vice-president of the corporation in charge of a principal business function, or any other person who performs similar policy or decision making functions, or (ii) the manager of one or more manufacturing, production, or operating facilities employing more than 250 persons or having gross annual sales or expenditures exceeding \$25 million (in second-quarter 1980), if authority to sign documents has been assigned or delegated to the manager in accordance with corporate procedures:

For a partnership or sole proprietorship: by a general partner or the proprietor; or

For a municipality, State, Federal, or other public facility: by either a principal executive officer or ranking elective official.

Paperwork Reduction Act Notice

Public reporting burden for this application is estimated to average 0.5 hours per application, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate, any other aspect of the collection of information, or suggestions for improving this form, including any suggestions which may increase or reduce this burden to: Manager, Storm Water & Agricultural Permitting Section, Bureau of Water, S.C. Dept. of Health & Environmental Control, 2600 Bull Street, Columbia, SC 29201-1708.
